Unusual Items

Future Solutions, Inc. has unique and unusual research capabilities. Any purchasing agent that does business with us has found us to be a valuable resource. Not only do we specialize in recycled-content and environmentally friendly products; we specialize in those “hard to find” items. Even when used as a last resort for purchasing agents, we **always** find what you need and provide you with the information promptly. Here is a sample of some items that were requested and purchased by the government and their contractors!
