Core Competencies

Future Solutions, Inc. is an innovative company that fills a very unique niche with our products, services, and certifications that support the Federal Government. The research capabilities and “purchasing solutions” provided by Future Solutions, Inc. are indispensable to our clients. We have become a favorite supplier and product support company to many agencies and businesses because of our employee's skills and product knowledge, in addition to the following:

- **Office Supplies and Office Equipment (over 25,000 items)**
- **Green, Recycled and Environmentally-Friendly Products**
- **Unusual and hard-to-find items needed by the government**
- **JWOD (NIB, NISH) Products**

Office Supplies

We offer more than 25,000 office products. You can access our online catalog through our website and/or we can mail you a hard copy. Many of our office supplies are available with recovered material to support the federal government in meeting their buy-recycled mandate. Most of these items can be found on our Web site at www.futuresolutionsinc.com.
GSA schedule # GS-14F-0013M.

Green, Recycled and Environmentally Friendly Products

Future Solutions was created to support the Federal Government in their requirement to comply with EO12873, EO13101 and RCRA 6002. We offer thousands of recycled and environmentally-friendly products that comply with EPA's CPG (Comprehensive Procurement Guideline) recommendations and also include recognition awards, custom and imprintable products, energy efficient and alternative sources of power. Of course we've included a full line of office supplies, printing products, paper, office equipment, toner cartridges, furniture and janitorial supplies that are “green” in some way and also cost effective!

Unusual and hard to find items needed by the government

Whatever you need, we can get it for you! Hardhats, safety products, spotting scopes, glow sticks, GPS units, Keep In Touch Kits for deploying troops, printers, peripherals, and anything else that helps you do your job better. No request is too unusual for us to handle. How can we make your job easier? How can we make you look like a hero? Call us and find out how fast we can get you anything and most everything.

Ability One/JWOD (NIB, NISH) Products

The Javits-Wagner-O'Day (JWOD) Program (now called AbilityOne), is a unique Federal procurement program that generates employment opportunities for thousands of Americans who are blind or have other severe disabilities. By purchasing Skilcraft and other JWOD products, you can help reduce an unemployment rate of over 70% among this segment of the population. Future Solutions, Inc. offers virtually all products produced by NIB and NISH manufacturers and supports this and many other charitable foundations that make our communities a better place to live. Information on our charity partnerships can be found at www.futuresolutionsinc.com/charity/index.htm.

Future Solutions, Inc. accepts the government credit card, BOA's, and blanket purchase agreements. We also offer terms.

Future Solutions, Inc. has become the preferred source for the Federal Government because of our incredible customer service and the availability of any types of supplies the government needs to operate on a daily basis.

We cater to the needs of the Federal Government and their contractors!
Big enough to serve, small enough to care.
